Client

Project Ref

Date

01 Site Summary and Recommendations

Overview

Evlab site strength indicator	Recommended no. of chargers	Recommended specification

Future EV charging bay requirement

Next steps

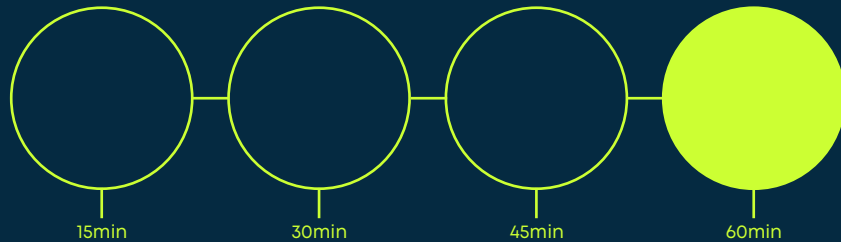

02 EV Local Market Analysis

PEV Local Market Density

Local Network Reliance

Plug-In Electric Vehicles by Drivetime

Electric Vehicles by Energy Source in Local Market

Market Growth

3 Year EV Market Index Growth

Most Popular EVs

03 Local Charging Network

Supply of Charging Infrastructure

Plug-In Vehicles Density vs Chargers Location

Number of registered vehicles per charger

Network Speed

04 Local Area Indicators

Car Ownership

Average number of cars owned by household

Drive to Work

Share of workers driving to work

Higher and Continued Education

Share of active people with higher education

Wealth

Average net income after housing costs

05 Projected Charging Infrastructure Requirement

Forecast

Year	Local EV Penetration	EV Charging Bays Required

UK Electric Vehicle Market Penetration & Annual Sales Forecasts
